FOR IMMEDIATE RELEASE

Care Resource, South Florida's largest and oldest HIV/AIDS organization, is pleased to announce that pop legend, Yoko Ono, will make a special appearance at The White Party week's newest spectacular event - White Starz - at the Coconut Grove Expo Center on Saturday, November 27, 2004.

The event, co-produced by Care Resource and Michael Tronn Enterprises is one of the week's newest fundraising events, which directly follows the 20th Annual White Party at Vizcaya Museum and Gardens. The bash also features the extraordinary talents of legendary DJ/Producer Junior Vasquez and DJ Tony Moran who are sure to transport guests out of this world!

ONO recently scored another #1 Billboard Hot Dance Club Play chart-topper (Issue Date: 11/13/2004) with her smash "Everyman.../Everywoman..." released on October 19th-Mind Train/Twisted Records. The relevant and timely anthem is an empathetic message of interpersonal love, expressing solidarity with and support for the controversial same sex marriage issue. The song marks the second #1 hit for ONO following her politically-charged Top 5 Billboard Club Play scorcher "Hell In Paradise" (The Remixes) and last year's chart-topping smash "Walking On Thin Ice" (The Remixes).

The White Party and the week of events surrounding it is Care Resource's largest fundraiser and will be taking place November 24 thru 29 at some of the hottest clubs/venues throughout Miami-Dade & Broward Counties.
